BATTLESHIP SQUADRON OFF FOR VERA CRUZ

LIVES OF FOREIGN MINISTERS AND AMERICAN CITIZENS IN DANGER

NATIVES ATTEMPT BY SPEECHES TO INCITE RIOT

UNITED STATES CAVALRYMEN AND MEXICANS FIGHT ANOTHER BATTLE; 1 DEAD

(By Associated Press.)

Washington, D. C., Aug. 10.—Commander McNamee, senior American naval officer at Vera Cruz, today asked the navy department to send a battleship squadron to guard against anti-foreign demonstrations, which he says he fears. The gunboat, Marietta, was ordered to proceed from Progreso to Vera Cruz, and to have the ship at the disposal of the Brazilian and Guatemalan ministers who are leaving Mexico.

It is assumed that the battleships Louisiana and New Hampshire will be held at Newport for further orders.

Commander McNamee's report did not give full details, but officials believe that the present anti-American feeling is the outgrowth of the Pan-American negotiations now under way at Washington, for the adjustment of differences between the factions at war in Mexico.

Brownsville, Tex., Aug. 10.—United States cavalrymen and Mexicans fought again today; this time near Mercedes, Texas. One Mexican was killed, none of the troopers are reported hurt.

Today's fight was somewhat west of the scenes of previous Mexican raids and closer to the border, occurring about twenty-five miles north of the Rio Grande, in Hidalgo county, while the previous fighting has been in Cameron county.

Six United States cavalrymen were on border patrol duty near Mercedes when the Mexicans attacked them. The soldiers captured four horses from the attackers.

Parties of armed farmers have gone from Mercedes and other nearby towns to capture the Mexicans.

AD BATTLESHIP Natives Incite Riot.

Washington, Aug. 10.—Commander McNamee reported that the natives have made many incendiary speeches in the streets of Vera Cruz against all Americans and other foreigners, and numerous endeavors have been made to incite an uprising.

Villa Confers With Scott.

El Paso, Tex., Aug. 10.—General Villa today crossed the border and began a conference with General Scott, chief of staff of the United States army.

PELLAGRA CASES ARE NUMEROUS IN STATE

A dozen cases of Pellagra are reported from Oklahoma City, as many more from Okmulgee and a number of deaths are reported from other points over the state.

"The situation is very serious," said Dr. J. C. Mohr, former state health commissioner today, "and something should be done to prevent the spread of this dread disease."

Several cases are reported from north Logan and Commissioner Langston says there are two cases in Guthrie now.

BOBO HAS ENOUGH.

(By Associated Press.)

Washington, Aug. 10.—Bobo, Hall rebel leader, is satisfied and will represent the U. S. flag. Marines are in charge and conditions are normal now.

LEADER WANTS BRINGS RESULTS

RACE MATINEE CARDED FOR FRIDAY AFTERNOON

FAST STEPPERS HERE AND RIVALRY AMONG OWNERS WILL MAKE EVENTS EXCITING

The race matinee carded for next Friday afternoon will be exciting. Much rivalry exists among race horse men now here and some side "mind bets" have been placed.

On account of the excessive rainfall this season, several events scheduled for Sunday afternoons have necessarily been postponed. But the races Friday will be run, the boys say, rain or shine. There has been a wonderful improvement in the horses here and the owners are anxious to give 'em a thorough try-out. "There is nothing like the Hercules water to tune up a race horse and put him in the pink of condition," said Dr. Furrow, today.

The following program will be carried out. The first race will have five starters and will be a pace race: "White Ghost."

Starters: Malden Blush, Frank Boles, Hal Wilkins, and Dividend. Second race, a trot: Patros—Anna Perkins, Prince B. and Thornless.

This race, pace: Arc Light, Lady Catherine, Guthrie Girl and Edward F.

A large crowd is expected from out of the city. Guthrie lovers of sport are urged to attend. Admission is nominal, 25c, with grand stand free to all.

AS TO SUSPENDED SENTENCE IN JUVENILE CASES

R. E. Wood, assistant attorney general, in a letter to A. V. Skelton, warden of the state reformatory at Granite, advised that a prisoner who has been convicted as a juvenile offender and committed to prison, may be later taken to court for further hearing under the law that gives the court power to suspend sentence in such cases, and if the court shall up on such hearing suspend the sentence, it is operative, not as a pardon or parole, but as a suspension of sentence.

ALLIES GAIN NEW FOOTHOLD

(By Associated Press.)

London, Aug. 10.—The allies gained one hundred yards east of Kirithia on the road to the Gallipoli peninsula, is officially announced today. A foothold has also been gained on Chunuk Bair.

FEDERAL GAME LAWS COME FIRST; STATE NEXT

Sportsmen warned state regulations are not in harmony with U. S. laws

Guthrie lovers of the sport of bagging the festive duck had better be careful and not confuse the state and federal game laws and the open season date, for violators of the federal game laws will be summarily dealt with.

Sportsmen are warned by the United States department of agriculture that federal regulations as to migratory birds will apply to the exclusion of state regulations. The department will consider recommendations submitted in good faith, for amendment of the regulations, but will hold no public hearings, nor will it amend the regulations prior to Oct. 15.

The open season for water fowl in Louisiana is from Nov. 1 to Feb. 1; in Oklahoma, Sept. 15 to Feb. 1; Texas, Oct. 15 to Feb. 1; Arkansas, Oct. 1 to Jan. 1; rails, quails, gallinules, all states, Sept. 1 to Dec. 1, save Louisiana, where the open season is from Nov. 1 to Feb. 1; woodcock, all states, Nov. 1 to Jan. 1; shore birds, including black-bellied and golden plover, jacksnipe, yellow-legs, etc., all states from Sept. 1 to Dec. 16, save Louisiana and Texas, where the open season is from Nov. 1 to Feb. 1. Insectivorous birds are protected indefinitely. Band tailed pigeons, cranes, swans, curlews and smaller shore birds protected until Sept. 1, 1918. Shooting is prohibited between sunrise and sunset or at any time on the Mississippi river between Minneapolis and Memphis after Jan. 1, 1915.

Conqueror of Warsaw, and Happy Germans Going In

Prince Leopold of Bavaria.

Prince Leopold of Bavaria led the victorious Germans into Warsaw, the largest city thus far taken in the war.

But the way was made for him by the hard work of General von Hindenburg on the north and General Mackensen on the south.

The city is the most important so far taken in the war. But the Russian

armies occupied and they will reconquer, and has been the scene of many bloody battles and uprisings.

Has been held by the Poles, Sweden, Russia, Prussia, the French under Napoleon, Austria and again, since 1813, by Russia.

The University of Warsaw has 1,500 students and a library of 500,000 volumes.

Is a great manufacturing center, especially of iron and steel.

Situated in a fertile plain noted for its immense wheat production.

Connected by railroad trunk lines with Vienna, Kiev, Moscow, Petrograd, Danzig and Berlin.

Date of its foundation unknown, possibly in the ninth century.

Not mentioned in history until 1224. In medieval times was the chief entrepot for the trade of the valleys of the Pilica, Wierza, Narew and Bug with western Europe.

Has been many times conquered and

excise board working on county budget

equalization board orders assessor to raise certain assessments

The county excise board held a brief session this morning, at which was allowed all the estimates for school districts except those where the estimates were not dangerously near the constitutional limit. In all these cases the estimates were laid over till the exact valuations for those districts can be ascertained. The city budget was laid over till the 15th. The board is at work this afternoon on the county estimate, but will not reach a final conclusion till late today or Wednesday.

Equalization Board Meet.

The county equalization board met Tuesday morning and approved the increases ordered by the state board of equalization.

The board ordered the county assessor to correct his rolls accordingly. This will necessitate his revising every personal assessment return made in Logan county, and will require at least ten days to complete the work.

The increased valuations will add five per cent to all horses in the county, mules 25, cattle 20, swine 30, threshers 50, wagons 30, carriages 10, diamonds 25, abstract books 100, and an increase of 30 per cent on the valuations placed on all other corporations outside public service corporations.

The board adjourned sine die.

Turk Bomb From Air Destroys English Sub

(By Associated Press.)

Constantinople, Aug. 10.—A submarine of the Entente Allies was sunk near Bulair this afternoon by a Turkish aeroplane, which threw bombs upon the craft. The crew was lost.

German Allies Will Go to Relief of Turkey

(By Associated Press.)

London, Aug. 10.—Salonik dispatches say the Austro-Germans are concentrating their forces on the Serbian frontier for a campaign through Serbia to relieve Turkey. One hundred thousand men are reported massed near Orsova, Hungary.

FORD TURNS TURTLE AND DUMPS OCCUPANTS

ONE WOMAN SUSTAINS BROKEN COLLAR BONE; CAR DAMAGED BUT LITTLE

Mrs. L. C. McCullough, wife of a pioneer telephone company at Oklahoma City and J. G. Costleberry, Oklahoma City manager of the same company and his wife, each in a Ford car, were enroute to the 101 ranch when the accident took place. No one seems to know just what occurred, but certain it is that the Ford driven by Mr. McCullough suddenly turned turtle and made three complete somersaults before stopping.

McCullough was bruised up considerably and his wife sustained a broken collarbone. The Ford was righted and made the trip to town.

NORTH LOGAN MAN SUES FOR DAMAGES

Charging that J. E. Quigley, driving a high power automobile, deliberately ran into his wagon, shunting the wagon, horse and himself into a ditch by the roadside, the result of which has caused him much pain and has materially injured his health, Ed Coffey today brought suit against Quigley for \$500 and costs. The suit was filed in district court. The accident occurred near Lovell, August 5th.

Coffey further charges that after knocking him "galley west into the gutter" Quigley proceeded on his way without stopping to learn the extent of the damages done or ascertain whether he (Coffey) was dead, notwithstanding the fact that the impact rendered him unconscious. The damage to the wagon is estimated at but \$5.00.

BOLD BANDITS ROB BANK AND MAKE GET-AWAY

At the first explosion of nitroglycerine, used by the robbers in blowing the bank vault, more than a hundred citizens appeared. Six of the bandits immediately covered the crowd and lined them up against the building opposite the bank. In a loud voice the leader announced that the first shot fired by a citizen meant death to those lined up. "We have dynamite bombs and we will hurl them among you" he said.

The robbers escaped in a heavy fog with \$3,000.

A posse was hastily formed and is now in pursuit. The bank vault and inside of the building is a wreck. The robbery took place just as day was breaking.

LINED 100 CITIZENS AGAINST BUILDINGS, THREATENING TO HURL BOMBS

(By Associated Press.)

Maple Hill, Kansas, Aug. 10.—Seven masked robbers, heavily armed and well mounted, rode into this place early today and robbed the Maple Hill bank and escaped.

The exploit was the most daring ever attempted in this part of the state.

At the first explosion of nitroglycerine, used by the robbers in blowing the bank vault, more than a hundred citizens appeared. Six of the bandits immediately covered the crowd and lined them up against the building opposite the bank. In a loud voice the leader announced that the first shot fired by a citizen meant death to those lined up. "We have dynamite bombs and we will hurl them among you" he said.

The robbers escaped in a heavy fog with \$3,000.

ITALIANS GIVE AUSTRIANS A SOUND DRUBBING

(By Associated Press.)

Geneva, Aug. 10.—The appearance of 30,000 Austrian troops, released from the Russian campaign, on the Italian front, is announced by a Tribune dispatch from Laibach, Austria. The Austrians made an attack but the Italians brought up additional reinforcements and after a fifteen hour battle the Austrians retreated, leaving thousands dead on the field.

VILNA IS EVACUATED BY RUSSIAN HOLDERS

(By Associated Press.)

London, Aug. 10.—A Reuter's dispatch to Petrograd says the first steps for the evacuation of Vilna, thirty miles southwest of Kovno, was taken today by the removal of all public institutions.

Old papers be a bunch at the Leader office.

EARTHQUAKES ARE ACTIVE IN FLOWRY KINGDOM

JAPANESE ALPS TREMBLING AND NATIVES ARE IN DEADLY FEAR

SEISMIC MOVEMENTS ABSORBING SCIENTISTS

"A MOUNTAIN OF WATER" ERUPTED THROUGH GIANT SPOUT, IS TOLD OF

(By Associated Press.)

Tokio, Aug. 10.—Japan has entered a period of volcanic and earthquake activity. The violent eruption of Mt. Yakegatake in the Japanese Alps has been followed by two eruptions in the sea off the coast of Japan about due south of Tokio and by a serious explosion of the volcano on the island of Suwasejima which lies 200 miles south of Kyushu. No loss of life is reported.

The seismic movements under sea are absorbing scientists. Both occurred in the same general position and at intervals of about ten days. The first cast up masses of smoke, flame, lava and rocks to the sky which falling to the surface of the ocean endangered passing ships and, according to these ships, caused the water to hiss and steam. Eye-witnesses use the word "terrifying" in describing the scene. The atmosphere became laden with strange electrical flashes and currents. A brilliant and beautiful morning was changed in a twinkling to black and fearful night.

The second eruption was thought at first to be a gigantic waterspout—"a mountain of water," one captain termed it—but later was seen masses of yellowish-white smoke which undoubtedly came from a submarine volcano. The disturbance covered an area of two and one-half square miles and lasted throughout the day.

It is believed here to be of interest to mariners to fix these explosions as nearly as possible so that the spots may be avoided by shipping. The estimates, which are not official, place the first eruption between Hachijima and Agogafira islands and the second between Smith and Bayonnaise islands in East Longitude 139.34 and North Latitude 31.56. Both eruptions were followed by strong earthquakes at Tokio and in Central Japan generally. The first damaged several houses slightly. The second shock caused no direct damage or injury but indirectly caused injury to a number of soldiers and several Japanese pedestrians. The horses of a company of engineers were crossing a bridge in Tokio at the moment of the shock. Affrighted by the swaying beneath them the animals stampeded wildly throwing their riders and injuring
